Officials Refuse to Divulge Source of Information But Said That No American Was Implicated In the Plot—No Comment On Orders to Troops Along Border

(ASSOCIATED PRESS TELEGRAM) Washington, Oct. 27.—War and state department officials refused today to disclose the source or specific nature of the information on which Secretary Baker last night issued a statement charging that a bandit attack on American troops in Mexico or on American border towns has been planned to discredit the government's Mexican policy. They said the channel of information through which the report came was so valuable that nothing would be given out that might injure its usefulness.

Both Secretary Lansing and Secretary Baker today laid stress on the statement that no consideration of domestic politics led to the issue of the announcement that such a plot had been discovered. "The obviously appropriate comment of the secretary of state," Secretary Baker said referring to the explanation by Secretary Lansing last night that no American was implicated and that a desire to prevent the carrying out of the plans had prompted Secretary Baker's statement, "precludes the possibility that any such construction or understanding could be put upon my statement. The statement was without political purpose and ought to be without political effect."

"It will have served its entire purpose if it serves notice upon the lawless people in Mexico that we have been warned and are prepared."

Secretary Baker declared it was "absurd" to suppose that his statement had been intended to imply that any political interest in the United States desired anything other than peace on the border.

"Such a thing could not be," he said. Asked just what interests he charged were behind the movement, Secretary Baker dictated this statement:

"Everybody knows that many Mexicans in this country are constantly agitating against the de facto government. Any sympathy there may be on the American side of the border with the movement is wholly from this source."

"The only possible suggestion of a political purpose (in the department's statement) is to prevent people in Mexico from creating a disturbance of a political character in furtherance of their own design."

Secretary Lansing views the information, although somewhat indefinite as to individuals, as showing a dangerous situation along the border. Publication of the fact that the government has taken steps to checkmate such a movement, he believes goes far toward preventing an attack either upon a border town or upon General Pershing's forces.

Secretary Baker indicated that no immediate movement of General Pershing's columns were contemplated. He refused to say, however, whether orders had been given to meet an attack. He gave the impression that Generals Funston and Pershing might have been directed to take certain steps of a retaliatory (Continued on Page 2, Col. 5.)

Ship, Afire at Sea, is Racing to Port With 180 Passengers

(ASSOCIATED PRESS TELEGRAM) New York, Oct. 27.—The French line steamship Chicago, which left Bordeaux, October 22 for New York with 180 passengers aboard, is racing for Fayal, the Azores, with a fire in one of her holds according to advices received here today by the Maritime Exchange through Lloyds. The Chicago was expected to reach Fayal sometime today, the advices said.

The Chicago left Bordeaux for New York on October 22. She is a ship of 10,502 tons and was built in 1908.

INDEPENDENT PAPER IS OUT FOR WILSON. Elmira, N. Y., Oct. 27.—The Elmira Star Gazette, the leading newspaper of southern New York, and northern Pennsylvania, independent in politics, today came out for Wilson after maintaining an absolutely neutral attitude in the campaign.

The Star Gazette bases its decision on President Wilson's record and the absence of any particular issues against him. "Now that the arguments of both sides are exhausted," it says.

IN PRESIDENT'S HONOR. New York, Oct. 27.—Many prominent Independents who have not yet publicly announced their intention to support Wilson have asked for reservations at the luncheon to be given in the president's honor by the Wilson business men's national league at the Waldorf Astoria on November 2. This luncheon will attract prominent business men from every state.

STATE PROBE OF SHORTAGE OF COAL CARS

(ASSOCIATED PRESS TELEGRAM) Columbus, Oct. 27.—The Ohio public utilities commission today ordered an investigation of the coal shortage in Ohio which is said to be responsible for the high price of coal and the near coal famine in the domestic supply. Seven inspectors employed by the commission will investigate the subject and make a report to the utilities commission.

As a result of the coal shortage and the high price charged for the fuel the state board of administration today announced it would be compelled to close down the state brick plant which it has been operating with prison labor at Junction City.

Mason Chilcote, superintendent of the plant was in Columbus today in conference with the board of administration and Warden Thomas, and it was practically agreed that the plant would have to be discontinued unless coal could be secured. The eighty-one prisoners employed at the plant will be sent back to the penitentiary if it is closed. The plant has been turning out about 10,000 paving bricks daily which finds a ready market.

State inspectors for the utility commission may also investigate the refusal of the coal dealers to supply the state brick plant.

WOMAN WANTS TO KILL NEGRO WHO ATTACKED HER

(ASSOCIATED PRESS TELEGRAM) Birmingham, Ala., Oct. 27.—The woman who late yesterday was attacked by an unidentified negro at her home in Woodlawn, told the police that if the negro is captured, she wants him brought to her so she can kill him herself. The victim who appeared to be slightly improved early today had taken a turn for the worse and physicians say her condition is critical.

"If the negro is captured," she told the police, "I want you to bring him to me, so I can kill him myself—that is if members of the posse are not men enough to do so."

A sheriff's posse and a number of armed citizens today had no clue to the negro's whereabouts. Bloodhounds followed a trail but soon lost it.

FINLEY PREDICTS LANDSLIDE FOR WILSON IN OHIO

(ASSOCIATED PRESS TELEGRAM) Columbus, Oct. 27.—W. L. Finley, chairman of the Democratic state executive committee today issued a statement predicting a Democratic landslide in Ohio. On the basis of reports coming in from county organizations over the state he said he was ready to increase his prediction of 100,000 plurality for Wilson which he declared forecasted the election of the entire state ticket together with a majority of congressmen and members of the state legislature. Following the swing of William Jennings Bryan through northwestern Ohio, Finley said the best reports ever received from these counties were coming in.

Republican state headquarters announced it would make no statement today regarding the Ohio vote, but that it expects to tomorrow.

FACTORY PRODUCTS INCREASED

(ASSOCIATED PRESS TELEGRAM) Boston, Oct. 27.—Manufactured products in Massachusetts showed an increase in value of a little more than ten per cent. in the five year period from 1909 to 1914, according to a report issued by the state bureau of statistics today.

In total manufactures the state dropped from fourth to fifth place, being outflanked by Ohio.

FLEE FROM FLAMES. (ASSOCIATED PRESS TELEGRAM) Pittsburgh, Pa., Oct. 27.—A score of families were forced to flee from homes when flames swept through the plant of the McDowell manufacturing company of Millvale, a suburb, last night. For a time 20 dwellings were in danger but were saved. The loss is \$100,000.

Russo-Rumanian Thrust Into Transylvania is More Successful—French Claim Successes In Verdun Region Where Germans Bombard Positions, Apparently for Attack

(ASSOCIATED PRESS TELEGRAM) London, October 27.—Field Marshal von Mackensen is making the most of his victory in Dobrudja and is pressing the retreating Russo-Rumanian army hard.

Sofia reports this army in precipitate flight toward the further reaches of the Danube and Petrograd admits a retirement toward the Hirsowa Casapkeul line more than 40 miles north of the Constantza-Tchernavoda railway. The Russians and Rumanians who were cut off from railroad communication with the loss of Tchernavoda are fighting hard as they retire, Petrograd announces.

In the strong thrust into Rumania from the northwest the Russian and Rumanian forces are having more success. Rumanian troops on the Moldavian frontier have made further progress into Transylvania capturing another village and an important height, the Russian war office reports.

Before Verdun the French are driving anew at the German lines after having, according to the Paris war office, repulsed all the counter attacks of the crown prince's troops in efforts to recapture Fort Douaumont and other positions taken by Gen. Nivelle's forces in their great drive of Tuesday last.

In a fresh attack last night, the statement declares, the French scored advances west and south of Fort Vaux, closing in further upon this important work.

Berlin declares that a French attack yesterday in the region east of Fort Douaumont was repulsed with heavy losses. Apparently the Germans are preparing for further attacks, as Paris reports a violent bombardment of the French lines at Fort Douaumont and the Chenois wood.

On the Somme front, Berlin announces the breaking up by German guns of a French attack in preparation in the Fresno-Mazancourt-Chaulnes sector south of the river. Berlin's account of the fighting in Dobrudja reports that the district of Hirsowa has been reached by Field Marshal von Mackensen's troops.

South of the Rumanian boundary the forces of General Von Falkenhayn are continuing to advance in the direction of Campulung and below Predeal, the Berlin statement announces.

In Volhynia and elsewhere along the Russian front the German war office reports the repulse of Russian attacks, notably one in the Kiselin sector west of Lutsk.

Today's Rumanian official statement reinforces the Russian claim to successes on the Moldavian front. It admits, however, a withdrawal in the Jui valley, north of the Rumanian frontier.

British and German torpedo craft have had a lively engagement in the English channel, as a result of a German attempt to raid the cross channel service. Two German destroyers were sunk and the other eight destroyed engaged in the attempt were driven off, according to the British admiralty which reports one British destroyer missing, another disabled and driven aground and an empty transport sunk. The crew of the transport and nine members of the crew of the missing destroyer were saved.

CLEVELAND MAN EMBEZZLED BIBLE IS CHARGE MADE

(ASSOCIATED PRESS TELEGRAM) Cleveland, Oct. 27.—Thomas H. Bell, former board of education president and director of Cleveland public schools in 1909, was arraigned in police court today on a charge of having embezzled a \$10,000 Bible from Mrs. Carrie Bell of this city. Mrs. Bell says she gave the Bible to Bell and asked him to learn if it was valuable because of its age. She says it is 394 years old and worth \$10,000.

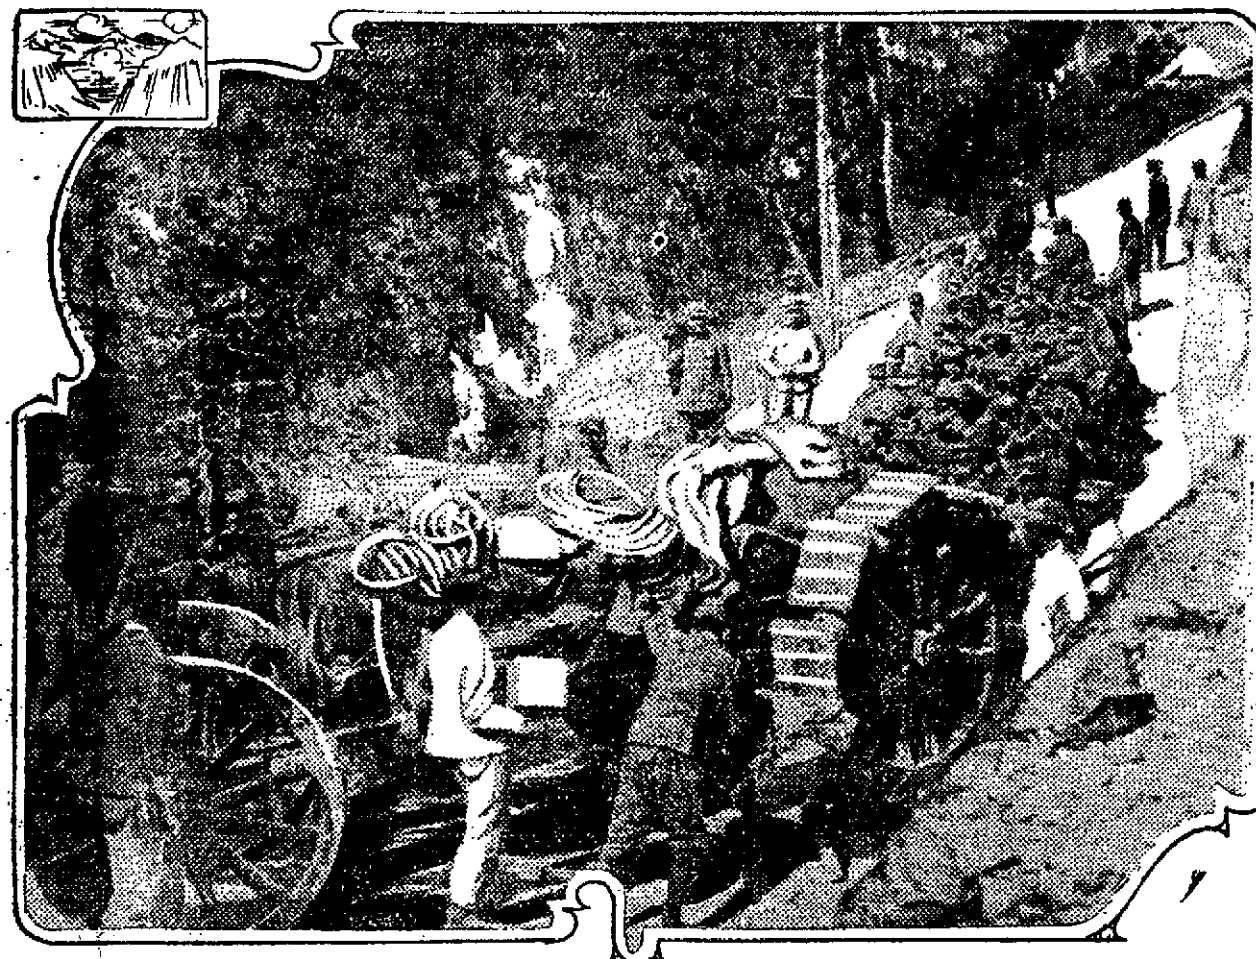

Bell, who is not related to Mrs. Bell, says he left the Bible with a book agent and told Mrs. Bell to call for it. Judge Leese continued the case to November 10.

SHIP BUILT FOR GULF TRADE IS SUNK SAYS LLOYDS

London, Oct. 27.—Lloyds Shipping Agency announces that the steamer Rowanmore has been sunk. Lloyds also announced the sinking of the steamer Skog.

The Rowanmore was a ship of 10,320 tons gross register. She was built at Glasgow in 1906 for the Johnston Line for gulf and south Atlantic cotton carrying trade, having a capacity for 24,000 bales of cotton. She was last reported as having cleared from Baltimore for Liverpool on Oct. 13.

ITALIAN TROOPS PULL HEAVY GUNS UP HIGHEST ALPS

This interesting photograph, which shows Italian artillerymen hauling a giant howitzer up a mountain pass in the Tyrolean Alps, gives a clear idea of the greatest military obstacle which the forces fighting in that theatre of the war have had to contend with. When it is considered that all heavy artillery had to be hauled up the steep mountain passes in this manner, it is remarkable that any extensive artillery actions were attempted.

Rumanians Capture Villages in Transylvania Where Fighting is Fierce—Slavs Retire on Shara River.

(ASSOCIATED PRESS TELEGRAM) Petrograd, October 27, via London.—Although offering stubborn resistance to the German-Bulgarian-Turkish forces attacking in Dobrudja the Russians and Rumanians, according to today's official Russian statement are retreating to the north of a line between Piersova and Casapkeul. This line is approximately between 40 and 60 miles north of the Tchernavoda Constantza railroad line.

The statement adds that the forces of the central powers and their allies are continuing their attack along the entire front in Dobrudja.

Rumanian troops operating on the western frontier of Moldavia have captured the Transylvanian village of Balan and the Piatroetkul heights, according to the official statement issued today by the Russian war department. Fierce fighting the statement adds, is continuing on both banks of the Csik river.

German forces yesterday launched an attack against the Russian positions on the western bank of the river Shara in the region of Goldovitchi and forced the retirement of the Russians to the eastern bank of the river.

WITNESS SAYS HUSBAND MADE THREATS TO KILL

(ASSOCIATED PRESS TELEGRAM) Newark, N. J., Oct. 27.—Both sides rested today in the trial of Margaret C. Beutinger, charged with murder for shooting her husband at the Caldwell, N. J., home last July. It was indicated that the case would be in the jury's hands before night.

Mrs. Beutinger's defense is that she shot in self protection when her husband was about to attack her. Her five children were in court again today. John H. Dehaus an engineer of Washington testified today that Beutinger once sought to have him make an affidavit that he had seen Mrs. Beutinger under compromising circumstances on a steamship en route to the Philippines. Dehaus swore that Beutinger said he wanted such a document for use in case his wife sought a divorce and threatened to kill her if she brought such an action.

CAPACITY OF PLANT WILL BE DOUBLED BY NEW OWNERS

Alliance, O., Oct. 27.—Announcement was made here today that the Transue and Williams company had been sold to Hornblower and Weeks, of New York and would be reorganized under the name of Transue-Williams Steel Forging company. The plant which now employs 1200 men, will be doubled in capacity through the expenditure of \$1,000,000 for extensions. The plant has been in practically continuous operation for twenty years.

AMATEUR RADIO OPERATORS WILL HANDLE MESSAGE.

Columbus, Oct. 27.—Columbus amateurs wireless telegraph operators, of whom there are said to be 159 in the city, have been requested to refrain from sending independent messages tonight between 10 o'clock and midnight, when there is to be passed around the country a message from the White House. There are a number of prizes offered to amateurs all over the country for proficiency, both in receiving and transmitting the message.

DIRIGIBLE WINS AIR BATTLE BUT AT GREAT COST

(ASSOCIATED PRESS TELEGRAM) Rome, Thursday, Oct. 26, Via Paris, Oct. 27.—A fight between an Italian dirigible airship and an Austrian aeroplane at a height of more than three miles over the Albanian coast resulted in the aeroplane being shot down and the dirigible afterwards being destroyed by its own officer inside the Austrian lines was told today when King Victor Emmanuel conferred medals for valor on three members of the Italian air corps.

On the morning of Oct. 12, while off the Albanian coast an Italian dirigible piloted by Captain Ercole with Captain Corbelli and Captain Albino as observers was surprised and attacked at a height of 16,000 feet by an Austrian aeroplane. The aeroplane on obtaining a favorable position turned its machine gun on the dirigible, mortally wounding the observers and disabling Captain Ercole's left arm. Ercole, however, according to the official account succeeded in overcoming the aeroplane and in killing the pilot but the dirigible was obliged to land 30 miles within the enemy lines. Captain Ercole destroyed the dirigible and after two days of wandering and suffering from cold and hunger managed to elude the Austrians and re-crossing the mountains finally reaching the Italian camp on the river Voyusa.

DEATH LIST IN HOSPITAL FIRE WILL REACH 19

(ASSOCIATED PRESS TELEGRAM) Farnham, Que., Oct. 27.—Ruins of the St. Elizabeth hospital destroyed yesterday by fire has sufficient cooled today to permit the authorities to search for bodies. The Grey Nuns, who conducted the institution, announced that an inquiry indicates that the death list will stand at 19, including five children.

Farnham was under police guard during the night as a result of several small fires which led to the suspicion that incendiaries have been at work.

VILLA PLANNING TO CUT RAILROAD TO CHIHUAHUA

(ASSOCIATED PRESS TELEGRAM) San Antonio, Tex., Oct. 27.—Villa is reported to be planning a movement on Santa Rosalia to cut the railroad line between Chihuahua and Saltillo and prevent Carranza reinforcements from reaching Chihuahua from the south. This information was contained in a message from Gen. Pershing which reached army headquarters today.

NEW YORK GIRLS TO GET RECRUITS FOR BORDER TROOPS.

(ASSOCIATED PRESS TELEGRAM) New York, Oct. 27.—Thirty girls have answered an advertisement in the local newspapers for girls to help obtain recruits for the national guard regiment at the border. "All girls are pretty and were stylishly, but modestly dressed," said Major Morris of the Twelfth National Guard regiment, who inserted the advertisement. "Many of them have brothers at the border. All are anxious to do what they can for their country."

PRESIDENT'S

TWO TRIPS IN YORK STATE

Advocated In Last Night's Speech League of Nations to Maintain Peace Among Nations of the World—Greets West Virginia and Maryland People On His Return to Shadow Lawn

(ASSOCIATED PRESS TELEGRAM) On Board President's Special, Grafton, W. Va., Oct. 27.—On his way from Cincinnati to Long Branch today President Wilson made several brief stops in West Virginia and Maryland to shake hands with people gathered at the railroad stations. He is due to arrive at Shadow Lawn at ten o'clock tonight, passing through Baltimore at 4:45 this afternoon and through Philadelphia at 7:05 tonight.

The president will not return to the midwest again before the election. His only remaining trip away from Shadow Lawn before Nov. 7 will take him to Buffalo, November 1, and to New York City, Nov. 2. In addition he plans two more speeches at Long Branch, one tomorrow and the next Nov. 4.

In his speech last night at Cincinnati the president reiterated his advocacy of a league of nations to maintain peace, "other nations owe it to a decent respect for the opinion of mankind to submit their cases to mankind before they go to war," he said, "and I believe that America is going to take pride in the days to come in offering every dollar of her wealth, every drop of her blood, every energy of her people, to the maintenance of the peace of the world upon that foundation." The president outlined his conception of the problem before the nation as follows:

"Are we going to keep together and move together and move forward, or are we going to divide and scatter and move backward, do not let any man lead you who walks with his head over his shoulder, harking back to things, many of which had better be forgotten, but follow the men who are looking forward, whose eyes are lifted to a great destiny which belongs only to America. Follow the men who do not ask what is your race, what is your religion, who do not even ask what is your politics, but simply say men and brothers we are all Americans, we all have the same purpose, we all have the same privilege, we all rejoice in the anticipation of the same destiny, let us see that our hearts lie close to each other and then all the forces of the world can not withstand the mass and movement of this great people."

THOUSANDS CHEER PRESIDENT'S WORDS IN CINCINNATI.

Cincinnati, Oct. 27.—Cheering thousands heard President Wilson last night declare his willingness to engage in a war to protect and safeguard the liberty and happiness of the human race.

He repeated his statement uttered before the Woman's City Club that the United States will be unable to keep out of any future war that may engage the nations of the earth after the present conflict is over.

But he emphasized more forcefully than before America's duty to the peoples of the warring nations when the din of battle shall have ceased and peace once more shall reign in Europe, which, he maintained, (Continued on Page 2, Col. 5.)

CARRANZA SAYS HE WILL STICK; VILLA DEFEATED

(ASSOCIATED PRESS TELEGRAM) New York, Oct. 27.—The following telegram from General Carranza, dated Mexico City, Oct. 27, 2:30 a. m., was made public today by Juan T. Burns, Mexican consul-general at New York:

"Absolutely false that bandit Villa is besieging the city of Chihuahua or that Zapata menaces the tranquility of Mexico City. Diaz was utterly defeated in recent skirmishes with our troops and is now fleeing with a few followers to Guatemala. I shall remain in Mexico City until the constitutional convention convenes at Queretaro. All military operations have been successful and the situation is improving daily."

GERMAN DESTROYERS SUNK.

(ASSOCIATED PRESS TELEGRAM) London, Oct. 27.—Ten German torpedo boat destroyers attempted to raid the British cross-channel transport service last night, but the attempt failed, says an official statement issued by the British admiralty today. Two of the German destroyers were sunk and the others driven off.

FREE EMPLOYMENT BUREAU NOW PART OF C. OF C. ACTIVITY

The Chamber of Commerce, acting upon the recommendation of its industrial bureau, today established as a part of its organization a free employment bureau to help out the industrial situation in Newark relative to the shortage of labor.

The Chamber today was beginning to receive applications for positions from stenographers office held of all kinds, laborers and skilled workmen, many of whom are strangers in the city. Names and addresses of applicants for a position will be received at the Chamber of Commerce and placed on file.

Proprietors of boarding houses are being asked to send their addresses to the Chamber and all members of the organization and employers are being asked to communicate with the employment bureau for help.

The public will receive every attention possible and if the movement is rightly developed, will lead to Newark becoming a branch of the state and city free employment bureau. At the next legislature the state industrial commission will be urged to have that body appropriate a sufficient sum for the establishment of several more branches in the state and one of these will be Newark.

"We don't want any floaters," is the warning of the Chamber. "What we want to do is find work for the unemployed and men for positions here."

"Newark today is enjoying the utmost prosperity," President F. L. Beggs, said today, "and we want to find men to fill all the positions now open."

Any family desiring to move to Newark from the rural districts will be gladly assisted in finding homes or boarding places by the Chamber. The Y. M. C. A., the Y. W. C. A. and the Public Welfare bureau, are co-operating in the movement.

OHIO NORTHERN PLAYS DENISON AT GRANVILLE.

On the eve of the big Denison-Ohio Northern game at Beaver Field, Granville, tomorrow afternoon, Coach Livingston, of Denison, is feeling confident that his warriors will emerge from the game with the victory. But Northern University has an excellent team this season and is figuring on stopping the Denison boys.

Last week Denison threw a surprise at Cleveland when they took Reserve into camp, and Northern University tomorrow is predicting that they too will slip a little surprise package, that will return them victors.

Newark fans will be at Granville in force tomorrow to see Denison with its stars in the game again, and weather indications point to an ideal day. The game will be called promptly at 2:30 o'clock.

Start of a Big Fire.
How a terrible fire that gutted an entire New York tenement house was caused by a combination of a milk bottle, a lamp and a peaceful baby cat is told by Charles T. Hill in St. Nicholas. The cat in question was resting in an open back window of a first floor flat in the tenement occupied by a spinster who was called into the front room just at the moment when an irate lodger in the house at the rear, exasperated by the nocturnal concert of two unloved tabbies on the rear fence, staked a milk bottle at them which landed wide of its mark and crashed against the tenement window sill. The spinster's baby, dazed with fright, gave one fearful leap, clutched at the table cover and over the lamp, while the open door into the front room created a perfect draft for the flames. A more summary destruction of an immense building has seldom been known to the New York fire fighting force than this one, which is described in the official records simply by the curt phrase, "Explosion of a lamp."

Mosquitoes Among Snowbanks.
In both the Rocky mountains and Alaska the ecologists and engineers of the United States geological survey have as part of their regular equipment mosquito nets for their heads. Even when working in deep snow head nets and gannets are necessary to protect the field men from the bloodthirstiness of the pests.

The mosquito does not vanish with increasing altitude. At 11,000 feet or higher he is as prolific as at sea level, and smoke, no matter how dense and pungent it may be, will not eradicate him. The only sure relief lies in the net. In some sections of Colorado the mountain natives' systems become thoroughly inoculated with their poison. After this they are bothered no more. The first advice given to the "tenderfoot" by the old timer is, "Let 'em bite; they won't keep it up long."—Popular Science Monthly.

Old Postal Rates.
The high postal rates that prevailed in the earlier years of the last century made the transmission of a letter or parcel a matter of serious moment.

"A packet weighing thirty-two ounces was once sent from Deal to London," writes Mrs. Eleanor Smith in her life of Sir Rowland Hill. "The postage was over £6, being * * * four times as much as the charge for an inside office by the coach. Again, a parcel of official papers small enough to slip inside an ordinary pocket was sent from Dublin to another Irish town addressed to Sir John Burgoyne. By mistake it was charged as a letter instead of as a parcel and cost £11. For that amount the whole mail coach plying between the two towns with passengers for seven passengers and their luggage might have been hired."—London Chronicle.

Tin Can or Canteen?
Popular cynicism is always more interesting than the learned explanations of philologists. For instance, take the barrack room derivation of the word "canteen." It is no use trying to convince Tommy Atkins that it comes from the Italian "cantina," a small cellar. He had his own derivation, which he finds quite satisfactory. "Canteen" is simply "tin can" said backward. To justify this theory he simply invites one to look around. Certainly tin enters largely into the utensils and furnishing of the average canteen. The drinking vessels are tin, the counter is tin, and in many cases the tables also are covered with block tin. No wonder Tommy holds that the word has some connection with the metal that is so much in evidence.—Manchester Guardian.

Antiquity of Stockings.
Stockings were known among the Romans more than 1,800 years ago, as is proved by paintings found in the ruins of Pompeii. They were considered more ornamental than useful. In the colder climate of northern Europe they became a necessity, and the manufacture of them became a recognized employment in the twelfth century, when they were fashioned chiefly of cloth. In the reign of Edward II. they assumed a resemblance to those now worn. At the courts of Spain and Italy they were fashioned of silk and were made enormously large.

Sarcastic.

One Was Enough.
Milton was one day asked by a friend whether he would instruct his daughters in the different languages. "No, sir," he said, "one tongue is sufficient for any woman."

She Knew.
"But do you think I could deceive my own little wife?"
"No, I know you could not, but I believe you are silly enough to try."

Checked.
"Bad, what do you mean by a check card career?"
"Always on the move, I reckon!"—Louisville Courier-Journal.

He Heard Her.
"My daughter's piano lessons have been a great success to me."
"That so? But some neighbor says 'no'?"

WILLCOX MAKES STATEMENT.

(Associated Press Telegram)
New York, October 27.—William R. Willcox, chairman of the Republican national committee, issued a statement today in reference to the one of last night by Secretary of War Baker that definite information had been received by the war department that a bandit attack upon American troops or an American border town had been arranged to take place before election day by "enemies of the administration's policy toward Mexico." Mr. Willcox alluded also to Secretary of State Lansing's declaration that the war department's statement was not intended as an assault upon the administration's political opponents.

PRESIDENT'S

(Continued from Page 1)
should be to lead the way for an everlasting peace.

The president pleaded for a united purpose in this country, imbued with the sympathies and principles of human liberty everywhere, for an Americanism that typified an intense devotion to those principles which call for the peace of all mankind. President Wilson made no reference to the "sympathy issue," but pleaded that the bond of sympathy for the suffering millions abroad "should unite us, not divide us." Political boundaries, he said, should be forgotten in the common sorrow for the misery engulfing the peoples of the warring powers.

Brief reference to the federal reserve act as a measure calculated to enable the United States to lend its moneys in support of any just cause was the only mention in his speech that smacked of a political nature.

He adhered closely to the effect to make a nonpartisan speech, but his supporters in the audience overlooked no opportunity to applaud the telling points in his address.

An inspiring spectacle greeted the President and Mrs. Wilson as they came on the stage, accompanied by Judson Harmon, former governor of Ohio.

Thousands of American flags waved in a riot of color as the audience arose as a unit and welcomed the president. President Wilson was plainly affected.

A storm of applause followed the release of a myriad of tiny American flags from above the stage, directly over the president.

Is Chiropractic Known By Any Other Name?

Answer, No. So please do not confuse Chiropractic with any other art, science, or system intended to improve health or root out disease.

A competent Chiropractor does not—in fact will not—use any other method than Spinal Adjustments for the removing of the cause of disease. Chiropractic adjustments given by a competent Chiropractor will give the desired results. If other methods are used proves his incompetency in the Chiropractic work.

M'KEE'S CAPTAN PRAISES HIM IN LETTER TO FRIEND

Details of the death of Joseph R. McKee, near Nogales, Idaho, Oct. 7, were received yesterday by Willard Painter, who wrote for same at the request of Mr. and Mrs. J. H. McKee of 114 South Webb street, parents of the unfortunate young man. The letter follows:

Camp Stephen Little, Nogales, Idaho, Oct. 21: Dear Sir:

In answer to your letter for the details of the death of Private Joseph R. McKee, will say that he belonged to the mounted ordnance and our regiment was on a "hike" participate in maneuvers.

We had gone into camp and his horse had gotten away from the picket line with the halter rope trailing behind. McKee was chasing the horse and had gotten fairly close to him and then made a jump to secure the rope. This action, no doubt, surprised or frightened the animal and he lashed out with both hind feet; one caught McKee right over, or near solar plexus and he received the full force of the kick. The shock was terrible. We had plenty of doctors and they did all they could for him, but nothing could have saved him—He was simply mashed to pieces inside. They kept him from suffering as much as possible before he died. He lived about twenty-four hours after being kicked, and the hospital men told me they had never seen anyone display as much grit and nerve as he did.

McKee was a fine young man and a fine soldier and during the time he was in my command he never had to be told to do a thing twice. He always obeyed orders to the best of his ability and he was liked by all the men in the company.

The men all took his death very much to heart as he was a favorite with them and in his death we all lost a good boy and a splendid soldier. He came down here willing to serve his country and die if necessary, and while he did not die in the defense of his country, he died in the line of duty which, to my mind, is just as great an honor.

Yours truly,

C. H. DUVAL,

Capt. 2d Idaho Infantry,

Comdg. Hd. Co.

P. S.—If you see McKee, tell her she can have the effects of her son by making a request on me, otherwise they will be sold and the proceeds go to the government.

Hoax—"Is your friend the dentist on his uppers?" Joak—"No, although he frequently operates on other people's."

WHY I AM FOR WILSON

By

Marjorie Benton Cooke

Author of "Bambi" and Other "Best Sellers."

I am for Woodrow Wilson because I believe that Destiny has forged him as the tool of this crucia! moments, as surely as it forged Lincoln for our needs.

Because he stands today equipped with a trained mind and heart, inspired by a true vision of democracy, mellowed by four years of political and personal inquiry, ready to go ahead with the mighty problems of this nation—a new man, astride of new times!

He can lead America, if America is ready to lead. He can express us to Europe. He can say that this huge army and navy we are piling up is ready to become a part of an international police for world defence; that our great resources may be tapped for the rebuilding of her ruins; that her problems are ours, as her needs are ours.

He will speak America's ideals proudly, for he glories in them. He is not ashamed to be called idealist, in this day of materialism.

He believes that the way for us to have a spiritual power, is for us to use, with courage, what spiritual power we have.

For my part, I want no party tool, no man of compromises for our spokesmen now I want a man of deeds and of vision!

Explained at Last.

Europeans may not be as friendly toward the United States as formerly, but they are taking far more trouble than they used to keep posted on the complications of American politics. — Washington Star.

C. E. WORK BENEFITS YOUNG PEOPLE SAYS SECRETARY JOHNSON

"The training received by young people who take part in young peoples' meetings in the various churches, is reflected in the influence upon civic life in the community," says F. L. Johnson, Y. M. C. A. secretary, in discussing the effort to land the State C. E. convention for Newark.

"In view of the fact that an effort is being made on the part of the united Christian Endeavor Societies of the city and county to entertain the state Christian Endeavor convention in 1918, it is well for the citizens of Newark to consider the value of such an organization to the city.

"Representative groups of young people in the training school of the church and carrying the influence of the church into all departments of human activity in the city have a powerful influence upon the civic life of any community. The value of the work of any organization depends to a great extent upon the permanency and stability of the organization. It can be stated that more young men and young women meet together regularly in the Christian Endeavor societies of the city, with a definite purpose to extend their influence and the influence of the kingdom, than meet regularly for any other purpose.

"The Christian Endeavor society with its individual workers does much to strengthen and form character in the newer and younger members of the church. Their devotion to the Christian cause is always an inspiration to the older members of the church. The activity and enthusiasm of the young as they organize for a special work in the kingdom is contagious and this contagion spreads to other organizations and keeps aflame a spirit of progress that can not help but have its influence for better civic conditions.

"Many a young man or woman has made his or her first public speech on the floors of a Christian Endeavor meeting and inspired by new confidence, a confidence that has been inspired by the sympathetic interest of companions and friends, has gone forth to lift a voice in public affairs for the good of the community. Let Newark unite to assist these young people in bringing the State convention to Newark.

William Schroeder Buys House In Hudson Avenue

William Schroeder, superintendent of the Jewett Car Co., has purchased the home in Hudson avenue from the heirs of the Quincey estate, the Quincey's having bought it from Mrs. John Howard in 1896.

The house was built by the late Gibson Atherton in 1875. Mr. Atherton represented this district in congress. It was one of the most pretentious homes in the county at that time and when the two ferocious looking lions, carved out of stone, were placed along the stone coping at the front entrance to the house, people came from quite a distance to inspect the same and many a business man in the city today can remember that his chief ambition as a youngster was to crawl onto the backs of those same two lions.

Mr. and Mrs. W. C. Quincey occupied the house for a number of years and it was known as the Quincey homestead. He was the general manager of the Baltimore & Ohio railroad during the time of the building of the Chicago extension of that line and during the memorable strike.

Mr. and Mrs. C. F. Sites have occupied the house for the past 20 years. Mrs. Sites being a niece of the late Mr. Quincey. The new owner, Mr. Schroeder, will take possession immediately, and will remodel and use it as his family residence.

BREAD LOAVES ARE LIGHTER BUT PRICE THE SAME.

In spite of the fact that wheat has increased in price with leaps and bounds during the past few days, Newark bakers are still hesitating over increasing the price of bread, clinging to the hope that there may be a drop in prices.

The old price of five and ten cents prevails, and the only change that has been made is that the 5 cent loaf is an ounce and a half lighter than originally. The price of a barrel of flour has increased in the past 20 days from \$8.20 to \$9.50 in carload lots. The majority of bakers are still using the flour purchased at the lower price but the supply which is hardly over two cars at the most will soon be exhausted. The greater number of the bakers advocate an increase to 6 and 12 cents in the loaves so if flour drops in price it will be easy to return to the old price of 5 and 10 cents.

If the high price of wheat and flour continues it will be impossible for the bakers to continue business with the present prices on bread. Other incidentals must be considered, the standard of sanitation has been raised and this means an additional expenditure to the baker. All bread is wrapped and the added wrapping paper has greatly increased in price.

Exportation of wheat to Europe, a shorter crop, and the holding by producers for a raise in the market together with trading on the market all tend to keep the prices beyond what they have been in years.

Mrs. Clyde Daniels entertained the members of the Needlecraft club at her home in Central avenue on Thursday afternoon. The afternoon was spent in needlework of various kinds. A dainty luncheon was served by the hostess at the close of the afternoon. The next meeting will be held at the home of Mrs. Laura Dickey in Hoover street.

The Women's Music Club held its regular meeting at the Trinity parish house, Thursday afternoon at 3 o'clock.

Current events were responded to by Mrs. A. A. Stasel, Mrs. H. Moninger, Mrs. Nelson Peterson, Mrs. T. J. Daly and Mrs. W. W. Gard, after which the following entertaining program was given, Mrs. Massey in charge:

The period of Richard Strauss, (1864), Mrs. C. H. Davis. Homeward, Devotion, Mrs. Hays. Concerto, Op. 28, Lento Ma Non Troppo, Miss Phalen. Traumeri, Along the Silent Forest Path, Mrs. Jones.

All Souls Day (Instrumental), Miss Mary Hentze. Dream in the Twilight, All Souls Day (vocal), Mrs. Massey, Miss Mary Hentze, accompanist.

Mrs. Walter Daugherty, Mrs. David Thompson and Mrs. G. B. Besanceney of this city were guests of Mrs. Chester Zinsmeister of the Yuma, Linden avenue, Zanesville Thursday afternoon when she entertained the members of the Afternoon Five Hundred club. The afternoon's game was played at six tables which had been placed on the spacious back porch of the home. Chrisanthemums and nasturtiums were used in the attractive decorations.

Mrs. Kemper Scott will be hostess to the members of the Tuesday afternoon Bridge club on Tuesday afternoon, at her home in Eleventh street.

Mrs. Elizabeth Stockdale of Elmwood avenue was pleasantly surprised on Thursday evening by her friends, who gave a house warming. Games and music were greatly enjoyed by those present who were: Mr. and Mrs. Jesse Hursey, Mr. and Mrs. Earl Fox, Mr. and Mrs. William Hartman, Mr. and Mrs. Carl Graef, Mr. and Mrs. John Elk and children Genevieve and John Edward, Mr. and Mrs. William Stockdale and children Sol, Irville, Paul, Ehermet and Mark Stockdale. The out of town guests were Mr. and Mrs. Fox of Lancaster.

Mrs. Frank Wright was hostess of the Elite Crochet club at her home in Boyleston avenue, Wednesday afternoon. The afternoon was spent in needlework. At a given time "the old witch" appeared and lead all the guests to the dining room, which was appropriately decorated according to Halloween custom. Dainty place cards seated each guest at her plate. After luncheon the witch told fortunes for everyone present. A unique feature of the afternoon was the shower for Mrs. Theo Graeff, the gifts being presented by the little pumpkin fairy. Mrs. Wright's out-of-town guests were Mrs. Thos. Coart of Lima, O., Mrs. Flora Beinger of Leesburg, O., also Mrs. Warren Wright, Mrs. Clint McElwain and the Misses Georgia and Aletha McElwain of this city.

The next meeting will be with Mrs. Jess Miller in Penny avenue in two weeks.

On Thursday afternoon Mrs. W. H. Davis entertained at her home in Hudson avenue with a very pretty thimble party. The rooms were prettily arranged with cut flowers and the hours were devoted to needlework. The guests numbered thirty-five. Mrs. J. B. White of Kansas City, Mo., who is visiting her son, Mr. R. B. White, being the only guest from out of the city.

The members of the Larkin club entertained at the home of Mrs. Luther Jackson in East Channell street on Thursday afternoon. Refreshments were served to the members, Mrs. V. Harris, Mrs. Harry Carter, Mrs. David Feaster, Mrs. Frank Rice, Mrs. Otto Feaster. Mrs. Harris will entertain the club next month at her home in Leroy street.

Kreager-Cunningham. On Thursday evening at 5 o'clock, Rev. A. B. Cox, pastor of the United Brethren church officiated at the marriage of Miss Ethel L. Cunningham and Mr. Harry B. Kreager. Mr. and Mrs. Kreager will reside in Newark, the bridegroom being the son of Mr. and Mrs. Joseph Kreager of South Morris street.

Copper-Dennan. The wedding of Mrs. Abigail A. Denman and Mr. Edwin C. Copper took place Thursday evening at 5 o'clock at the home of Mr. and Mrs. H. D. Whitford in North Morris street. Mr. Whitford being a brother of the bride. Preceding the service Mrs. Whitford sang "O Promise Me" and the wedding march was played as a duet by Mrs. Virgil Anderson and Miss Mollie Devine.

The ring service was read by Rev. A. B. Cox, pastor of the East Main street U. B. church. Following the ceremony a wedding dinner of four courses was served the decorations being arranged with autumn leaves. The bride wore a gown of brown silk and carried roses.

The bride is the daughter of Mr. and Mrs. Whitford of McKean township, while Mr. Copper is employed by the B. and O. railway company as a conductor.

Bob Burdette's Aside. When Bob Burdette was addressing the graduating class of a large eastern college for women he began his remarks with the usual salutation, "Young ladies of '97." Then in a horrified aside he added, "That's an awful age for a girl!"

Why I Am For Wilson

By

Linda Prussing Azamar

Illinois Suffrage Leader.

To President Wilson we owe the inspiring array of regenerative and progressive laws which in the last three and a half years have placed our country in the lead of civilization.

He has given us a new standard, peace with self-respect. Because he is Democratic, because he is Progressive, because he is Republican, because in word and deed he strives to exemplify the fundamental principle of our government, I am for Woodrow Wilson.

Robert S. Fulton to La Vern Stewart, four acres in Newark township, \$1,000.

To Coll Docket.

Judge Thos. B. Fulton has requested that all members of the bar meet in the court room Monday morning at which time the docket will be called.

Arrested for Contempt.

Elmer Jadwin was arrested at Thornville, Thursday by Sheriff Evans of Zanesville, on a bench warrant issued by Judge Chas. Lemert and was lodged in jail to await further action of the court in contempt proceedings.

It is charged that Jadwin disregarded the order of the court relative to an alimony allowance. It is understood that Jadwin is \$100 in arrears on the payments. His case is set for hearing on Oct. 30.

Asks Alimony.

Addie Hephreys has filed suit against Don H. Hephreys. They were married May 17, 1915, and have one child, aged 7 months. The plaintiff charges adultery, gross neglect and that the defendant spends his money for drink; that he deserted her October 21, saying he was leaving her for good. She asks alimony, care, custody and control of the child.

Divorce Petition.

Petition for divorce has been filed by Samantha Harter vs. Willis O. Harter. The parties were married July 12, 1909, and have one child, 16 years old. The plaintiff charges gross neglect, failure to provide and extreme cruelty. She alleges that she struck her and knocked her down a number of times. She asks for divorce, the custody of the child, and permanent alimony.

No Useless Formalities.

Traveling with Sir Arthur Markham on one occasion, the conversation with the present writer turned on the limits of self defense. "I shot a man once," said Sir Arthur. "And what happened?" "I inquired. 'Was there trouble?'" "No," came the reply; "there might have been elsewhere, but it was in the wild part of Russia. The man was trying to enter my bedroom window at night, and I shot him. He fell outside. A small patrol of Cossacks was passing within reach of the sound of the revolver. They came along, secured the wounded man, asked a few questions and disposed of the whole business by hanging my burglar on the nearest tree. I heard no more about the matter." This method of dealing with a very plain business seemed to be thoroughly in accord with Sir Arthur's wish to have things done without any bothering red tape or formalities.—Westminster Gazette.

Cold Feet and the Remedy.

Even in the steam heated city apartments one often gets "cold feet" during the night, which is annoying if not painful causes one to lose many of the valuable sleeping hours while shivering and coddling these icy members.

If you have cold feet at night try soaking them in water as hot as you can bear it just before retiring. Jump right into bed, so that they will not get chilled and you will find the nerves soothed and the blood pressure in the head relieved.

Some people wear bedsocks to bed, but sometimes these prove irksome and tend to make the feet tender. A better plan for regular use is to slip a woolen shawl or part of an old blanket under the covers where the feet can rest against it without being themselves actually covered.

In aggravated cases of sleeplessness a hot-water bottle often gives relief when placed at the feet. Others prefer it across the back at the waistline. Sometimes a chilly feeling after retiring may be overcome by laying a woolen shawl over the thighs and lower part of the stomach. I know one woman who rarely needs heavy covers even in the depths of winter by using a shawl in this manner.

Our Boys and Girls

In place of the beruffled and befrilled petticoats that were considered indispensable even in midsummer, children are wearing bloomers of the same material as the frock, attached to sleeveless under-waists. The comfort, coolness and plain common sense governing this practice need not be emphasized. For baby's wash clothes use surgeon's antiseptic lint. You will find a ten cent package will furnish you with at least a half dozen and you will be surprised at their unusual softness. Boric acid solution is quite necessary for his eyes. It should be slightly warm, before dropping into each eye.

Every Day Etiquette

"When a man and woman enter and leave a train, which one should precede," asked Jack. "The woman should precede when boarding the train and should follow her escort when leaving the train," answered his father.

Happy Boys.

"The Smiths twins are so much alike that their own mother can't tell them apart."

"That must be rather confusing."

"It is, but the boys don't mind it. Their mother never dares to whip either of them for fear it might be the wrong one."—Exchange.

NET EARNINGS

Net earnings are the real back-bone of security values. Dividends are paid out of net earnings. Security values are governed by net earnings. And a reasonable prospect of increased net earnings justify higher market prices being anticipated.

Columbia Gas & Electric

Is a rapidly developing property. Stock sold at 44, then re-acted to 35 1/2. Earnings for 9 months this year show gain of 144% in net surplus. Own 51% of United Fuel Gas Co., whose surplus in 8 months gained 109.9%.

Gasoline production, now 15,000 gallons giving a revenue of \$3,000 daily, which we are informed will be about doubled when existing contract to supply natural gas to Pittsburgh territory becomes operative.

A new element of development is the oil wells now being driven on 7,000 acres adjoining the big oil producing holdings of Ohio Cities Gas Co.

We give these facts and figures for the benefit of holders of, or those interested in, Columbia stock. Additional information will be supplied on request. A complete statistical letter is in preparation.

The developments recited above justify us in firmly believing that dividends will be paid early next year. We advertised and recommended the purchase of Columbia stock in these columns when it was selling below \$20 per share. We believe the development work, which is producing real values that insure greater earnings, justifies our belief in higher values for this stock.

Argentine News Causes Another Advance in Wheat

(Associated Press Telegram)
 Chicago, Oct. 27.—Wheat prices today outdid by 3-8c the high price record of day before yesterday, touching at the close today \$1.36 3-8 a bushel. The latest ascent was caused by news that contrary to first reports the Argentine drought had not been broken.

It was said also that exporters and foreign governments were the largest holders of December wheat options here and would demand delivery of actual grain on all contracts.

Net advances in prices today as compared with yesterday's finish were 2c to 5-7-8c a bushel, December finishing at \$1.36 to \$1.36 3-8.

Self-esteem isn't a bad sort of trait. Many a fellow gets stuck on his own good points.

COAL SUPPLY IS BARELY ENOUGH TO MEET DEMAND

Newark coal dealers today were facing as big a quandary in trying to explain the reason for the present shortage of coal and advanced price per ton, as the food experts on the high cost of living or the war correspondents on who was responsible for the European conflict.

Various reasons were assigned for the shortage by local dealers today when canvassed for their opinion. Ohio lump coal was retailing today for \$5 and \$6 per ton. Of the eight dealers solicited, five were barely able to supply the demands, while the other two were without coal.

"I've been in the coal business for 45 years," E. J. Maurath said, "but I have never had such an experience with shortage as this year. The reason for the shortage, as advanced by a Columbus coal dealer yesterday, was that the manufacturers are offering at the mines \$3.50 per ton. The lake trade still is on and I believe that when navigation closes this month, it will have a tendency to cause a reduction in prices."

W. T. Soliday said he was giving a quotation of \$4.25 and \$4.75 at the mines, but that he was unable to get any quotation for future deliveries.

"The only quotations I can get are on immediate orders," he said. "The Pittsburgh people invaded the Cambridge district last week and contracted for the output of the entire district for the next 30 days. A representative was placed at the mines to bill out a car just as soon as it was loaded."

Stage Brothers quoted Ohio coal at \$6 a ton, but said they could get no quotation on Virginia coal as it was all going to the northwest.

"Wholesalers tell us that there is a car shortage," a member of the Stage firm said, "and also that the price of coal is going higher."

E. C. Leiber, manager of the Dixie Coal Co. today was quoting Ohio lump coal at \$6 per ton and assigned several reasons why he thought the coal was soaring.

"There is a lack of cars and a shortage of laborers at the mines," Mr. Leiber said. "And I believe the passage of the eight hour law is in a great degree responsible for the car shortage. The railroads are holding up their cars and it is difficult to get cars to move the coal."

Obituary

Mr. McDonagh's Funeral.
 Funeral services for George Clifford MacDonagh will be held at the home of his mother, Mrs. M. MacDonagh, 245 East Main street, on Saturday afternoon at two o'clock. Rev. Lewis P. Franklin will conduct the services.

Rev. Theo. Crowl.
 Rev. Theo. Crowl, 70 former Presbyterian minister at Zanesville, died Wednesday in California.

Valentine Binder.
 Valentine Binder, aged 87 years, a former well known Newark man, died at 10:30 o'clock last night, Forest and Parsons avenue, Columbus, following an illness of eight weeks. Funeral services will be held Monday morning at 8:30 o'clock from his home at Columbus. Interment will be made in Columbus.

Mr. Valentine was engaged in business in Newark for a number of years, and left here and went to Columbus about 20 years ago. He has been retired for the past several years. He leaves to mourn his death a wife and three children. Max Binder, of Columbia street, this city is a nephew.

POLITICAL EXPERT OF EASTERN PAPER SEES OHIO DEMOCRATIC.

Philadelphia, Pa., October 27.—Angus McSweeney, political expert of the Philadelphia North American, (Rep.) telegraphing to that paper from Columbus, says in effect that Ohio is lost to the Republicans. His dispatch in part says:

"Unless the present drift of sentiment to President Wilson can be checked this state will be overwhelmingly democratic. So extraordinary is the situation here that the Republicans are in a state of partial panic. The national ticket is rapidly being abandoned to its fate by the state campaigners, and the fact that Hughes is weaker here than his party is apparent."

"The Wilson candidacy is gaining its strength in Ohio from two sources, the progressives and the workingmen who were formerly Republicans. The voters of this state are turning to Wilson on the two propositions of peace and prosperity."

STEEL MEN MEET.
 (Associated Press Telegram)
 St. Louis, Oct. 27.—The American iron and steel institute opened a two days' convention here today. The principal event on the program for the forenoon was the address of E. H. Gary, chairman of the U. S. Steel corporation and president of the institute.

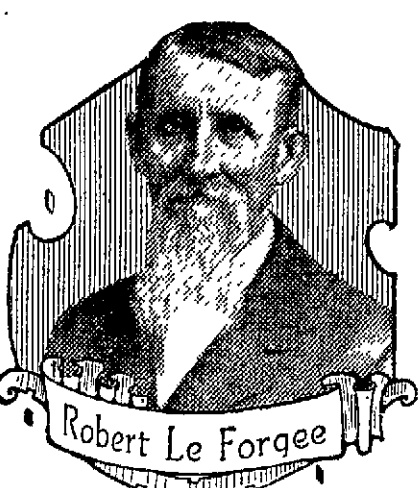

Eskimo Mourning Customs.
 All Eskimos are superstitious about death, and although they hold festivals in memory of departed friends, they will usually carry a dying person to some abandoned hut, there to drag out his remaining days without food, medicine, water or attendance.

After the death of a husband or a wife the survivor cuts the front hair short and fasts for twenty-five days.—Argonaut.

Says Simple Remedy Prolonged His Life

Dr. Caldwell's Syrup Pepsin Effective as a Remedy for Constipation.

Among older people the various organs of the body have a tendency to slow up and weaken, and this is usually first manifest in a pronounced inactivity of the bowels. Good health is dependent on regularity in this important function; whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however; these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without griping or other pain or discomfort, is pleasant to the taste, and can be obtained in any drug store.

Mr. Robert LeForgee, 918 Kirkwood Boulevard, Davenport, Iowa, says he has always had a bottle of Dr. Caldwell's Syrup Pepsin in the house for the past eighteen years, and that by using it occasionally as the need arises, and in this way keeping his health good, it has prolonged his life, and brought ease and comfort.

"JIM'S" STILL A REAL PROGRESSIVE IN SOLE SAVING

"Jim" Broughton, who for the past five years has been engaged in saving and mending soles at his splendidly equipped shoe repair shop, corner of Doty alley and Arcade Annex, announces that he is keeping abreast of the times, as a progressive in business. He has just installed a latest model nailing machine along the lines of the famous Goodyear system. This insures rapid and even better work if possible than has been turned out by his shop heretofore, and furthermore there is no advance in charge. Also he is equipped now that he can call for and deliver work on very short notice, thus avoiding any inconvenience whatever to the patron.

More Rheumatism Than Ever Before

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken.

Our old friend rheumatism is having his inning this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather; keep your feet dry; drink plenty of lemonade and avoid strong alcoholic drinks.

If rheumatism gets you or scatica, and you have sharp twinges gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists know about Rheuma; it's harmless, yet powerful, cheap, yet sure, and a 50-cent bottle will last a long time. Ask T. J. Evans or any druggist.

Sharp and Pointed.
 "A good advertisement," said an advertising man, "should be as sharp and pointed as the Irishman's answer."

"The witty Judge Lord Morris was on the Irish circuit, and one evening at dinner he tried to tell a story, but an Irishman kept interrupting him."

"Finally, in despair, Lord Morris seized the interrupter by the sleeve."

"Surely," he said—"surely, man, ye want to hear the story of the riant breaker o' Bally-Skibreen."

"No, no, me lord," said the interrupter, "that's the lie I told ye meself yesterday."—Philadelphia Bulletin.

Granville

[Special to The Advocate]

Granville, O., Oct. 27.—Judging by indications the Broadway paving is nearing completion, the concrete work having been finished. Tuesday and the asphalt surface far east as Granger street. Electric cars were run to the business section of the street late in the afternoon yesterday though it is said they will be discontinued again until the cement is properly hardened. It seems to be a difference of opinion between the chief engineer of the O. E. and the general superintendent thereof.

The first of the series of entertainments to be given in the Opera house this winter under the auspices of the Public Library Extension (instead of the Greater Granville) will be held next week, Saturday evening at 7:30. Don't fail to profit by these moving pictures.

Mr. and Mrs. Yarrington Barnes of Yardley, Philadelphia, who were on the return motor trip from Richmond, Ind., stopped for a short time in Granville yesterday, as guests of Mr. and Mrs. Burton Case.

Mrs. C. E. Frank was a guest at the home of Dr. and Mrs. Rowland in Johnston Wednesday where her daughter Bertha, a teacher in the high school of the place, has her headquarters.

Miss Carrie M. Howland will spend the week end with friends in Columbus.

Rev. and Mrs. Millard Brelsford will entertain their parents, Mr. and Mrs. Charles Brelsford, of St. Paris, for several days at their home in West Broadway.

Miss Elizabeth Morris of West Broadway attended the Little-Colby wedding in Dayton, Tuesday evening.

Mrs. Harry Deming is enjoying a visit from her mother, Mrs. John Lewis of New Philadelphia, formerly a Granville resident.

It is said that another Denison young couple can claim special privilege by the announcement of their engagement.

Mrs. Paul Morrow of Wheeling, W. Va., is visiting at the home of her parents, Mr. and Mrs. S. E. Morrow, in South Prospect street.

Friends of Ex-Mayor D. N. Bay are glad to learn that he again is able to be out after a week's illness at his home.

Miss M. Trumper, a graduate of Denison is campaigning in eastern Montana as the Republican nominee for state superintendent of public instruction. Among county superintendents and educational leaders in Montana she is regarded as one of the most efficient officials ever to have held a position as county superintendent in the state.

The Granville chapter of the D. A. R. will meet at the home of Mrs. J. M. Swartz this evening at 7:00 o'clock.

Mrs. Theodore Johnson and Mrs. W. J. Livingston entertained the president of the sororities and Sheppardson class officials yesterday afternoon and organized the work for the A. P. W. in Sheppardson. Two comfort pillows were completed and covers for 11 more were made by the company.

Miss Isabel Wardrop of Sewickley, Pa., is a member of the house party at "Wilkenheim" on the Columbus road, the home of Mr. and Mrs. Jas. A. Huston. Their son and daughter, Mr. and Mrs. Henry E. Eaton of Burlington, Iowa, will remain over Sunday.

Sixty teachers of the Baptist Sunday school dined in the church parlors last evening at 5:30. Interesting talks were given by Superintendent Forbes Wylie, Mr. W. A. Holmes and Mr. E. E. Hopkins. The dinner was efficiently served by members of the Spencer Bible class.

MARTINSBURG

Mr. and Mrs. Frank Kirby entertained a few friends Saturday evening at their home in Mt. Vernon at which time the hostess, in a clever fashion, announced the engagement of Rev. W. A. Clemmer, pastor of the First Presbyterian church of Mt. Vernon to Miss Clara Tilton of this place. Miss Tilton is the daughter of Mrs. A. C. Tilton and at present is teaching music and sewing in Rocky River school. Her resignation takes place in December.

Mrs. Bert Anderson is suffering from an attack of pneumonia. The ladies of the Disciple church will hold a masquerade and supper in the hall, October 31.

Mr. and Mrs. Mate Moran of Fallsburg spent Wednesday with Mr. and Mrs. M. E. Brandon.

Mr. and Mrs. Ashford Freese of Ogden, Ill., spent a few days with his brother, James Freese and family.

Mr. Linza Hayes is building a nice residence on his farm on the Mt. Vernon road.

Mrs. A. Deal has returned from spending several days in Canton, the guest of her son James Deal.

Mr. James Lyon has gone to Akron where he has accepted a position.

Mr. and Mrs. Richard Marriott are spending some time near Mt. Vernon with Mr. and Mrs. Roy Ewart. Mr. Ewart is quite sick.

Mr. Noah Purdy has commenced to blow wells for the Ohio Fuel Co. He has moved to the Richard Purdy farm north of town.

CONGREGATIONAL CHURCHES MEET HERE NEXT WEEK.

On Monday and Tuesday, October 31, the 114th semi-annual meeting of the Central Ohio Association of the Congregational churches will be held at the Plymouth Congregational church.

The program will open on Monday evening at 7:30 o'clock with an address on Pilgrim Ideals by Rev. Marston S. Freeman of Mt. Vernon. The sessions will be continued all day Tuesday with services in the evening at 7:30 o'clock. There will be a number of delegates in attendance.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Licking County Farmers Unite for Experiment Farm Need Four Hundred Members

Representatives of Licking county farmers yesterday afternoon at a big county luncheon, held in the Masonic Temple, joined their agricultural interests with those of 17 other progressive counties in the state and formed a temporary organization known as the Licking County Farm Bureau Association.

William C. Hall was elected temporary chairman of the organization; John Williams of Hanover, vice chairman; O. A. Brook of Alexandria, secretary. A temporary executive committee also was elected to assist the officers in working for the permanent organization of the association. This committee consisted of Frank Lock of Vanatta; Frank Phillips of Perryton; J. S. Graham of Granville; C. A. Wagy of Summit; D. D. Snyder of Elma.

The birth of the Licking county farmers' organization, which will revolutionize the agricultural activity in this county, was due to the constant work carried on for the past several weeks by the agricultural bureau of the Chamber of Commerce, the Chamber of Commerce officers and the instant response to the movement of the progressive farmers of the county. Homer C. Price, chairman of the agricultural bureau, presided at the meeting, which convened a few minutes after cigars had been passed among those present at the luncheon.

There were 110 persons present when Prof. Price opened the meeting and of this number 45 were representative farmers, who were the guests at the luncheon, of the Chamber of Commerce.

Mr. Price in a brief statement explained the work carried out by his bureau and the Chamber of Commerce, the primary steps taken toward the organization of a farm bureau in this county and why the Chamber of Commerce was interested in the movement. After summing up the activities to date of his bureau which has 100 members, among which are some of the leading progressive farmers of this community, he introduced President F. I. Beggs of the Chamber of Commerce.

Mr. Beggs said that the Chamber of Commerce was divided into five bureaus and the one considered the most important in the organization was the agricultural bureau. He lauded Mr. Price as one of the most important in the organization. He lauded Mr. Price as one of the most active, earnest and progressive farmers in not only Licking county but the state of Ohio.

"Newark has been placed in the Licking county zone and it is the purpose of the organization was the agricultural bureau. He lauded Mr. Price as one of the most active,

earnest and progressive farmers in not only Licking county but the state of Ohio.

"Newark has been placed in the Licking county zone and it is the purpose of the organization of which I am the head to work in co-operation with any movement for the betterment of this zone," Mr. Beggs said. "So at any time the farmers of Licking county want any help, the Chamber of Commerce is more than willing to co-operate with them."

He said every member of the Chamber has taken off his coat and worked for the development of the farm bureau and hoped that the organization might be affected at the meeting.

Charles E. Thorne, director of the experimenting station at Wooster, O., and for more than 30 years an active figure in state agricultural improvement, was the next speaker introduced.

He opened his address by comparing the machinery used on the farm today with that of 50 years ago, and revealed the time when as a boy, he saw his father leading a gang of reapers across a 60 acre field, north of Newark, using a cythe.

"Today we have machinery which so revolutionizes the farm work, that eight men can do in a day's work, what is required several days for the same number, when I was a boy."

"Licking county has not made much gain in its wheat crop in the past 20 years and almost none in its corn," he said. "The time is not far distant when the state of Ohio will not produce enough wheat for itself and if the present conditions continue in allowing the farms to retrogress, the time is not far away when the United States will do more importing than exporting. Farm development is essential and if you would come to our experimental station, we would be glad to show you the difference between cultured and uncultured fields."

He said demonstration was a thing that could not be taken up this year and laid aside next year. These things are of interest to farmers, he said, and that is why they are taking them up. He said there was no reason why Licking county should not produce 500,000 bushels of wheat every year and 2,000,000 bushels of corn instead of about half that amount.

Clark S. Wheeler, director of agricultural extension service of Ohio State University, was the next speaker and outlined the methods of procedure necessary to secure funds from the county commissioners and the Federal government for the salary to be paid a farm agent. He answered a number of questions regarding the disposition of the money and explained the law governing the appointment of an agent. It requires 10 per cent of the farmers in the county belonging to the farm bureau, before the Federal government will make its appropriation of \$1,600 and the county commissioners of their \$1,500.

To make the program complete, M. C. Thomas, county agent of Marion county, was present and addressed the meeting on the work of the farm agent and what had been accomplished in Marion county in the past two years. Mr. Thomas' address was interesting as well as educational as he would stop in the middle of a sentence to answer a question put to him.

And when he had completed his talk, he had convinced every one present that a farm bureau and county agents were indispensable assets to any live and progressive county.

P. S. Phillips, Attorney A. A. Stasel, W. C. Hall, J. S. Graham, John Williams, and C. A. Wagy, master of Pomona grange, each in a brief talk endorsed the movement and urged that an organization be formed.

"Every growing thing is a good thing," Mr. Stasel said, "and every good thing we want."

Frank Powell then made a motion that a temporary organization be affected with officers and an executive committee to work for the permanency of the association. The motion was seconded by A. H. Powell, and the Licking County Farm Association had become a reality.

After the organization has been made permanent, directors, officers, secretary and treasurer will be elected and later a county agent appointed, whose salary will range anywhere from \$1,800 to \$2,200, all depending on the man selected by the association.

On account of the 10 per cent law the organization must be composed of over four hundred members and by this number a nominal fee of only \$1 per year will be necessary for each member. This is a small sum compared with the \$3 paid by each member when the Marion county association was formed, but that was due to there being something like 274 members available in that county.

**BORDER TROOPS
WARNED OF PLOT
FOR BANDIT RAID.**

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 27.—Government officials hoped today that publication of Secretary Baker's statement that the war department had received word that another Mexican bandit attack on the American border or American troops has been planned by enemies of the administration, would have the effect of causing abandonment of the plot.

Commanders of American forces received warning however, and were expected to take extra precautions to guard against attack, which the war department's information indicated was to occur before election day.

The department of justice was investigating reports in an effort to prosecute any persons who may be directing the plot from the American side of the border. Secretary Lansing expressed the opinion that no Americans were involved, although Eliso Arredondo, Mexican ambassador designate, said similar reports reaching him two weeks ago indicated American advocates of intervention in Mexico were assisting Mexican bandits in planning the raid.

Secretary Baker was pressed for further details concerning his information on his return today from a campaign speaking trip.

**GRAND OPERA STARS
REDUCE WEIGHT
BY PROPER MENU.**

(ASSOCIATED PRESS TELEGRAM)
Chicago, Oct. 27.—Chicago's grand opera company in the aggregate, has lost several hundred pounds in weight during the last summer, according to Cleofonte Campanini, the director. He claims that a new theory in dietetics, which he promulgated last spring just before the summer organization disbanded for the change. Practical elimination of bread, potatoes, meat and liquids from their menu, director Campanini said was the cause of the reduction in weight of his stars. He said today some members of the organization had reduced as much as fifty pounds.

**COMB SAGE TEA
INTO GRAY HAIR**

Ladies! Try this! Darkens beautifully and nobody can tell—Brings back its gloss and youthfulness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet article requisite. It is not intended for the cure, mitigation or prevention of disease.

Columbus and Dayton People Approve "Outside" Cold Remedy

They Find the External Application, Vick's VapoRub Salve, the Best Treatment for Croup and Cold Troubles. It Replaces Harmful Internal Dosing, Poultices, Plasters, Flannel Jackets and Vapor Lamps.

You Just Rub It on Over Throat and Chest—Relieves by Inhalation and Absorption.

In 1911 the Southern remedy—Vick's VapoRub Salve, was introduced in Columbus and Dayton. Below are reports from two families who gave it a trial at that time.

COLUMBUS, OHIO, Mrs. J. V. Aikire, 1466 E. Rich Street, writes:

"We are still using Vick's VapoRub with the same good results for a great many things—croup, colds in the head, sore throat, piles, sores and lame back. I think it is far quicker to use Vick's than to wait for results from internal medicine." Letter dated Feb. 21, 1916.

DAYTON, OHIO, Mr. F. Flax, 1623 Xenia Ave.—

"It was during the winter of 1911 that I tried my first jar of Vick's VapoRub Salve from Burkett's drug store. My boy was then very much subject to croup, and I had tried numerous remedies without much success. Vick's works like magic. My wife spread the news among the neighbors, and now you could not induce us or our neighbors to be without a jar of Vick's VapoRub. From my own personal knowledge, in regard to catarrh and colds, I know it does the work and does it quickly by loosening the phlegm and giving you that free breathing, which you are so anxious to obtain."

Three sizes, 25c, 50c or \$1.00.

LAST NIGHT'S MINSTREL A BIG SUCCESS

That there is excellent talent in Council 741, Knights of Columbus of this city was evidenced by the minstrel production of that order given at the Auditorium theatre last evening to an audience that filled every nook of the big place. In fact reservations were made in the gallery and scores of people were disappointed in not being able to obtain seats.

Owing to the fact that the audience was late in arriving it was necessary to hold the curtain for about ten minutes. It is an imposition on those who come in time and are compelled to wait on their tardy neighbors. In some cities an iron-clad rule prevents the seating of any one after the hour announced for the curtain to be raised until it drops after the end of the first act.

The first act was programmed as the "Garden of Roses" and was a carefully designed setting with elevations for the performers and musicians, the latter being under the direction of Donald Kisseane, with Mrs. Alta Fields, pianist.

The auxiliary end men, Hugh Sullivan, John Gilbert, W. P. Lavin, Jos. Gainer, Raymond Long, Devine Carroll, Dennis Barry, William K. Wait, George Casano and William J. Schopen, all costumed in elegant red satin suits came marching in to a lively tune and were followed by the triple quartette in blue silk suits with gold trimming, made in Colonial style. The members were John Birmingham, Neil Floyd, Chas. Graff, Leroy Messer, Thomas Murray, John Garrity, Albert Gaudin, Frank Ewald, Sylvester Gainer, Frank Stare, Walter Ranch and Anthony Stare. The chorus men were garbed in old rose Colonial suits. Members of the chorus were D. P. McDonald, Fred Cross, John Callahan, Adam Glub, Wm. Barry, Cecil Lingafelter, Lawrence Manning, Robert Bradley, John Callahan and Earl Wright.

Then came the introduction of the first edition of end men, Messrs. Bun Ewald and Johnny Dolan, by the interlocutor, Mr. Arthur E. Wilbert. The latter was garbed in a handsome satin suit of white and looked and acted the part of the Chesterfield of minstrelsy. He made an excellent interlocutor and was the recipient of many complimentary remarks for his fine stage presence and clear pronunciation, taking the end men along with him with the ease and grace of the old professional.

Last night's minstrel developed a new comedian, and proves that there is much hidden talent in the city that only needs development. Mr. Bun Ewald, although young in years would make a good premier in any minstrel organization. He is perfectly at home on the stage and has an ideal make-up as an end man. His jokes were clever and his song, "Dancing at the Georgia Jubilee," was admirable and well selected.

Mr. Johnny Dolan has had much previous experience as a comedian, but last evening he outdid all previous efforts and scored another hit. His jokes were crisp and fresh and his singing of the song "Pray for the Lights to Go Out," was extremely good.

John Birmingham sang "Memories" in a very pleasing manner and John Garrity gave a delightful interpretation of "Any Old Port in a Storm." He has an excellent bass voice and it is always a pleasure to hear him sing.

Next came the introduction of the second edition of end men, Mr. Bernie Wingerter and Mr. Albert Gleichauf. These two gentlemen are no novices at the minstrel game and their jokes were given with a vim that put them across in splendid shape. Mr. Wingerter's song, "Dancing Down in Dixie Land," made a big hit and he accompanied the chorus with a dance which proved him to be eligible to the professional class at any time. Mr. Gleichauf sang "I've a Sweet Tooth Bothering Me," and he also did a step with the chorus. Mr. Gleichauf also ranks with the professional class and would make a hit with any of the big minstrel organizations.

Frank Ewald, always a favorite with Newark audiences, next sang "She is the Sunshine of Virginia." He was in excellent voice and his song was heartily enjoyed and the singer responded with another verse and chorus, and the audience compelled him to render the chorus several times.

Mr. Thomas Murray of Columbus sang "Only a Year Ago," and the hearty applause of the audience was an indication that the singer had scored a great success. He is one of the best vocalists ever heard on the local stage and will be welcomed back at any time.

A grand ensemble number by the entire company with the title "The Spirit of '76" closed the first part and after a delightful overture by Kisseane's orchestra, the second act was given, it including a play titled "A Night in Rome," the story of Shields being cast for the first time. A Roman senator, Justin Keesee, as "Vesta," introduced his beautiful daughter and Anthony Stare as "Sylvester," a knight and Vesta's lover. The plot was a takeoff on well known local people and city officials. The three young men made a name for themselves in amateur minstrel and proved that they have exceptional histrionic talent. They also dressed the part in a ludicrous manner that was in keeping with the ancient Roman period.

Next was a song number by eleven members of the company, with Neil Floyd as soloist, entitled "The Aba Daba Honey Moon." All were dressed

as natives from "The River of Doubt," and with their spears and shields they made a formidable looking body. They could sing well, however, and kept excellent dancing step.

comedians, had an excellent singing and dancing fire that was very good. The minstrel closed with a pretty song called "The Cotton Pickers' Holiday" introducing the entire company in singing and dancing, and it was one of the big features of the show, which was considered by all who saw it as one of the best amateur minstrel acts ever produced in the city.

PRIZE IS MISSING.**

By Associated Press Telegram
Chicago, Oct. 27.—Clarence White Eagle, Comanche Indian, is in Chicago today at the end of a 13,000 mile walk for which he said he was to receive a prize of \$10,000 but he has been unable since his arrival yesterday to find the men who were to pay him the money. White Eagle and two companions left Chicago, Oct. 12, 1910, walked to New York and back to San Francisco where the companions quit and the Indian finished the trip alone. He said he had worn out thirty-five pairs of shoes on the journey.

CORNELL READY FOR HARVARD
(Associated Press Telegram)
Cambridge, Mass., Oct. 27.—The Cornell team came here today with high hopes of repeating at the stadium tomorrow last years victory over Harvard. The visitors were given the privilege of practicing at the Stadium early in the afternoon after which the Crimson eleven was to have its final workout. Harvard supporters admitted that the Ithacans were much to be feared.

HOW TO ECONOMIZE IN SHOES

In these times of advancing prices for all leather goods, it is important to know what true economy in shoes is. First.—You should be sure to get shoes that fit your feet correctly. A shoe that fits right wears much longer, because there is less strain in the wrinkles. Nine people out of ten that you meet on the street are wearing shoes that might fit them better. Many of them do not realize the importance both for comfort and wear, of buying shoes in a store that carries all widths, and fits them carefully. Second.—Keep your shoes clean. If mud and dirt is left on the shoe, it works into the wrinkles and makes the shoe crack. Polish them at least two or three times a week; the oil in a good polish softens the leather and adds to the wear. Third.—Buy shoes that are honestly made, both inside and out. The inside parts that you cannot see sometimes make more difference in the final wear of a shoe than the quality of the upper leather and the soles. In every part Walk-Over shoes are thoroughly trustworthy. If you would practice true shoe economy, buy Walk-Over shoes and take good care of them.

REPUBLICAN LAWYER GIVES REASONS FOR SUPPORTING WILSON

Declaring he "cannot stand for Penrose, Smoot and the other reactionaries" of the Republican party and that he is "not afraid of After the war, what?" M. E. Thraikill, Columbus attorney, yesterday declared he would vote for President Wilson, although he had voted for every Republican presidential candidate since the time of Blaine and although he is still a Republican in principle.

"Mr. Wilson has not done all I wanted, but his batting average has been good," said he. "I wanted him to hand Von Bernstorff his passport when he wanted Americans not to sail on the Lusitania, and to break off diplomatic relations when that ship was sunk. Perhaps I was wrong and the president right."

Wilson progressive legislation has been in the interest of humanity, asserted Mr. Thraikill. "The farm loan law is the greatest piece of constructive legislation in half a century," he continued. "He put teeth in the employees' compensation law. The child labor act will take thousands of little children out of the mills and factories, in the South especially, and send them to school. The eight-hour law is an entering wedge that will prove a blessing in disguise when it becomes general."

The present critical time is not the moment "to jostle the arm of our pilot," according to Mr. Thraikill, who urges "true Americans to speak out, to show their patriotism."

FITZ TEAM WILL PRACTICE AT 7 P. M. FOR SUNDAY GAME.

Sunday afternoon at Wehrle park, the Fitzsimmons team will meet the crack Rausch Empires of Columbus. The Empire team is one of the fastest teams in the 145 pound class in Columbus, and at present is battling for the championship of the Capital City. For the Fitz team, McCarty will be seen at his old position of fullback, with McManus, Conlon, and Gilmore alternating at the halves. The line will be strengthened by the addition of several out of town stars who are at present residing in this city. The Fitz team will practice this evening at Sixth and West Main at 7:30. In case of rain all players are to report at "Wilson's" on East Main street. The following are to report for practice this evening: McCarty, A. Dennison, McManus, Hinger, Schimpf, Murphy, H. Conlon, Goodwin, J. Dennison, Harris, Holmes, Gilmore, Callahan, Gilbert, A. Conlon, Sullivan, Jones, Kuster, and Dunn.

O. E. SPECIAL TO LEAVE ZANESVILLE AT 11:30 TONIGHT.

Plans have been made by the Ohio Electric Railway company to accommodate those from Newark who wish to attend the Mardi Gras celebration given by the U. C. T. in Zanesville this afternoon and evening. A stupendous parade is planned for 7:30 o'clock this evening, when the whole town will be masked; dancing on the street will follow with out of door vaudeville acts. The last interurban car is due to leave Zanesville at 10:20 but the Ohio Electric will hold this until 10:45. Then a special car has been chartered by the Red Men and U. C. T. of Newark, which will leave Zanesville at 11:30. This car will carry a trailer to accommodate any others who wish to remain until a later hour. But it will make no stop between Zanesville and Newark.

What Is Uric Acid?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL, AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its great abundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" has proved to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric" or send 10 cents for a trial package of "Anuric" Tablets.

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's "Anuric" Tablets.

Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the ills of women have had a splendid reputation for the past fifty years.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

DANGER IN COLDS

Swollen tonsils and inflamed membranes often affect other tissues and lung trouble easily follows. Kill the cold germs and protect your lungs.

As soon as your nose feels stopped up or your throat is dry and raw—you know that the germs are getting you.

Kill them before they get too deeply into your system. Wash your mouth, gargle, spray your nose with water into which you have put five to ten drops of Hyclorite. Gargle away a glassful several times each day.

Five to ten drops of Hyclorite are enough, but more won't hurt you. Hyclorite is harmless and benefits you. It kills germs quickly. It is many times more effective than peroxide.

Hyclorite cleans the tissues, giving you immediate relief as well as killing the germs.

Hyclorite is a sodium hypochlorite solution. A U. S. Government report has been published showing that 130 antiseptics were recently tested in military hospitals of Europe and sodium hypochlorite is declared by the surgeons to be the most economical and efficient of them all.

Although many times more powerful than the harmful antiseptics which contain poisons, acids, mercury or dangerous preservatives, Hyclorite is even safer than the weak and ineffective peroxides. It is clean, clear and harmless as water—but powerful. Any druggist can supply Hyclorite in 25 and 50 cc. bottles. General Laboratories, Madison, Wisconsin.

Darken Your Gray Hair

Apply Q-Ban—No Dye

Not a trace of gray shows in your hair after a few applications of Q-Ban Hair Color Restorer to hair and scalp. Q-Ban is no dye, but is a harmless, ready-to-use liquid, which restores the color glands of the hair. If your hair is gray, streaked with gray, prematurely gray, faded, thin or falling, simply shampoo hair and scalp with Q-Ban Hair Color Restorer. All your gray hair and entire head of hair then quickly turns to an even, beautiful dark shade, leaving all your hair healthy, fluffy, radiant, full of life, fascinating; so evenly dark and handsome no one will suspect you used Q-Ban. Also stops dandruff and falling hair. Only 50c for a big bottle at R. W. Smith's Drug Store, Newark, O. Out-of-town people supplied by parcel post.—Advertisement.

PREPARING FOR SUPER-EXCELLENT MASONS DEGREE

Will be conferred by Bigelow Council on a Class from Coshoc-ton, November 15.

Bigelow Council is making preparations to confer the Super-Excellent degree on a large class of candidates from Coshoc-ton on Wednesday evening, November 15. On this date Coshoc-ton will bring between forty and fifty of their members to Newark to be initiated into the mysteries of this degree.

It is expected that a number of Newark Masons will take this opportunity to receive the degree, and those anticipating taking the degree should make application at once, so that the necessary preparations can be made.

All members of Bigelow council who assisted in putting on the work heretofore are requested to meet in the Masonic Temple next Monday evening, October 30 at 7 o'clock for rehearsal. All members who desire to assist the team in putting on this beautiful work should come to the Temple on that evening for rehearsal. The members of Bigelow Council want to put the work on the best it has ever been done and it is important that those who desire to assist the team be present Monday evening, October 30.

WICKERSHAM AND COX WILL SPEAK IN RIVAL MEETINGS.

IN CENTER OF COAL FIELD BIRMINGHAM PACES FUEL FAMINE.

(ASSOCIATED PRESS TELEGRAM) Birmingham, Ala., Oct. 27.—Although in the center of one of the country's greatest coal fields, Birmingham faces a coal famine, according to dealers here today. They claim there is only about thirty days' supply on hand and that the situation in other southern cities is even worse because when the present stock is gone the mines cannot supply coal as fast as needed.

The trouble is attributed largely to lack of cars to move coal from the mines and consequently the mines are not working to full capacity. One dealer said many southern people would burn wood this winter for the first time.

FIRST RIOTER IN LIMA IS FOUND GUILTY BY JURY.

(ASSOCIATED PRESS TELEGRAM) Lima, O., Oct. 27.—The trial of George Saxby, indicted for alleged participation in the recent mob here which attempted to lynch a negro prisoner and which attacked Sheriff Eley, was to begin in common pleas court here today.

Milton Sytker, a former saloon-keeper and the first of the alleged rioters to be placed on trial, was found guilty last night. The penalty is imprisonment in the penitentiary for one to ten years.

WILD DOGS CAUSE FARMERS TROUBLE.

(ASSOCIATED PRESS TELEGRAM) Paterson, N. J., Oct. 27.—The wild dogs of the mountainous section about Greenwood Lake are troubling the farmers again and game wardens once more have set out on their trail. The park originated from several watch dogs left behind when a mining camp closed many years ago. The dogs are almost as ferocious as wolves and do not hesitate to attack men. They have preyed upon poultry and small domestic animals.

Prevent Diphtheria.

A sore throat is a good breeding place for Diphtheria germs. Protect your children by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membranes—then the system can better defend the throat if attacked by Diphtheria germs. Keep TONSILINE in the house where you can get it quick when needed. 25c., 50c. and \$1.00.

Says Body Is A Poison Factory

Urges everyone to drink glass of hot water before breakfast.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infect the bowels. From this mass of left-over waste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Advertisement.

COWBOYS ROUT VILLA BANDITS AT SAN GERONIMO.

(ASSOCIATED PRESS TELEGRAM) Field Headquarters American Punitive Expedition, Mexico, October 27.—(By Radio to Columbus, N. M.)—A party of 35 cowboys from the Santa Ana ranch, one of the Hearst properties near Babicora attacked and defeated a detachment of Villa's followers about three miles from San Geronimo, according to a report today at field headquarters. The number of casualties is not given, but it was said that two of the bandit officers and two privates were captured.

REICHSTAG WILL NOT DROP CASE OF LIEBKNECHT.

(ASSOCIATED PRESS TELEGRAM) Berlin, Oct. 27, via London.—A committee of the reichstag has rejected the petition of the social democrats minority that proceedings against Dr. Karl Liebknecht be suspended during the session of the reichstag.

Dr. Liebknecht was sentenced for military treason. While his appeal was pending another court martial began action against him on the ground that he incited soldiers of the Thorn garrison to rebellion.

BIG SHIRT TO WILSON IN BETTING ON OHIO.

New York, Oct. 27.—Tex Rickard, betting commissioner, yesterday placed approximately \$50,000 in bets at odds of 10 to 7, that Wilson will carry Ohio. Less than two weeks ago the odds on Ohio were 10 to 7 in Hughes' favor.

Even money ruled again in wagers on the result in the country at large. Two weeks ago the odds were 2 to 1 on Hughes and some bets were reported at 2 1-2 to 1.

UNNATURALLY TIRED

Some men and many women feel tired all the time. This is not natural. Fatigue following work or great exertion is normal but to be constantly tired indicates a diseased condition, usually thin blood. Backache generally accompanies this state of the system. Such sufferers are usually pale but not necessarily thin. In bonds the transparency of the skin is increased; in brunettes it is decreased and the complexion becomes muddy. These lids become a grayish blue.

This condition of thin blood, which doctors call anemia, is a dangerous one if allowed to progress but with proper treatment it may be speedily corrected. Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitations, color returns to cheeks and lips.

Nothing more is needed except sunlight, good air, proper food and rest. If you do not know exactly what rules to follow in these matters write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for booklets on the blood and diet. Your own druggist sells Dr. Williams' Pink Pills.

HERRICK'S

CAMPAIGN EXPENSE ALREADY EXCEEDS LIMIT SET BY LAW SAYS C. E. MORRIS.

Declares G. O. P. Candidate Bousts of Spending \$50,000 to be Elected—Limit is \$10,000.

(ASSOCIATED PRESS TELEGRAM) Columbus, Oct. 27.—Democratic state headquarters through Charles E. Morris, head of the publicity department, issued a statement today attacking the candidacy of Myron T. Herrick for United States senator because of alleged extravagance in the use of money and declaring Herrick would have serious explanation to make in the United States senate before he might there take his seat in event he should be elected.

Morris points out in the statement that Herrick reported under the federal law expenditures amounting to \$7,000 in the primary campaign and that the law limits him to \$10,000 in both the nominating and election. The Herrick Voters league in the primary reported expenditures of \$20,000.

"By Saturday of this week," says Morris, "Mr. Herrick must file under the federal law a report of his expenditures. The opinion is that under this law Mr. Herrick is required to include expenditures made by himself and the Herrick Voters league. This will show that he has already expended the amount of \$10,000 to which candidates for the senatorship are limited."

Morris says Herrick "has acknowledged and boasted of the expenditure of more than \$50,000."

LABOR FAMINE IN CHICAGO IS CAUSING ALARM.

(ASSOCIATED PRESS TELEGRAM) Chicago, Oct. 27.—Chicago faces a famine in common labor, according to the inspection department of the Illinois state employment agency. Instead of men paying for positions, it was said today railroads and other big employers are hiring agents who go out and search for men. Railroad laborers are receiving practically double the wages which prevailed a few years ago, according to officials of the state employment agency.

ALHAMBRA.

To what extent women, especially beautiful women of title and culture, are being used as spies by the warring nations is a fascinating speculation after seeing "The Intrigue," at the Alhambra, tonight and tomorrow. In this remarkable Pallas-Paramount photoplay, Lenore Ulrich as Countess Sonia, makes an actual ocean voyage as a peasant girl, in a liner's steerage. There it is, by the irony of fate, that the foreign Baron whom she is watching takes her for what she appears to be—a beautiful peasant girl.

Miss Ulrich's handling of this delicate role is a strong feature of the interesting story built around a young American's invention of an anti-ray gun that works with annihilating power and of the machinations of the rival foreign secret service units to obtain possession of the same. Do not forget William Farrar in "The Redemption of David Ion," Alhambra, Sunday; one day.

AUDITORIUM.

"Freckles."

Those who have read Gene Stratton-Porter's charming story "Freckles" and loved the nameless waif for his manly spirit, his light wit, his love, and his beautiful songs; and who reverence the "Swamp Angel" for her beauty and her chaste womanly character, will meet no disappointment in the play.

"Freckles" is proving still a greater success as a stage play than the novel, which has been read by several million people. It must not be understood that "Freckles" is a play essentially with a love motive, because it is not. There is plenty of action in the working out of its theme of the kind that "makes the pulse beat faster." The play is great in its simplicity, the story is of absorbing interest, and an estimable example of the value of doing right against all temptation.

The Broadway Amusement Co.'s scenic production with an exceptionally strong cast of players and singers will be the attraction at the Auditorium tomorrow afternoon and evening.

Howe's Pictures.

Hours of extraordinary interest and wholesome humor may be expected at the Auditorium Sunday afternoon and evening when Lyman H. Howe's Travel Festival will greet its region of local admirers. Strangely enough this is the only attraction of its kind that makes of travel a fine art, and does it so artistically that its great success is not at all surprising. Howe's camera men glean rich

HAWAIIAN BOY AT PLAY IN LYMAN H. HOWE'S TRAVEL FESTIVAL

scenic treasures on their films at infinitesimal cost and then they are unfolded at infinitesimal expense to those who either could not or would not go to find them in person. A most noteworthy example, among many in the new program, is a visualization of the Hawaiian Islands, "the loveliest fleet of islands that lies anchored in any ocean." Each corner of the world has its natural wonders but it is doubtful if any exceed those recorded in this film reproduction of the attractions of Hawaii. Certainly no other land can offer a scene of such vast fountains of fiery lava eternally playing in awful and awe-inspiring grandeur as is revealed by that portion of the film covering a trip into the crater of the volcano of Kilauea. No one can view the stupendous sight, unawed. Seats now on sale.

"Hello Girls."

Excellent comedians, charming comedienne, beautiful young misses in the chorus, stunning costumes and fine scenic effects are but a few of the good things which the "Hello Girls" will offer to the patrons of the Auditorium, next Monday. The cast includes a superb list of sterling artists headed by the popular Hebrew comedian, Harry Steppe, who is known wherever burlesque is and this season he has the greatest opportunity of his career. He is ably assisted by Geo. H. Martin, Lew Denney, Billie Charleston, Nellie Nice,

"Hello Girls," Auditorium, Matinee and Night, Monday, Oct. 30.

Laura Houston and Mona Raymond, the \$10,000 beauty. "Watch Your Steppe," and "Cohen's Cabaret" are two new comedies, and from start to finish Steppe and his co-workers compel the audiences to bend with glee. A real plot is used and the complications, and there are many, are unraveled in a clean and interesting manner. Seats now selling. A special bargain matinee will be given Monday afternoon.

"The Only Girl."

On next Wednesday at the Auditorium will be disclosed here the successful musical comedy "The Only Girl," a most delightful blend of music and comedy as it surely should represent as it does the best work of Victor Herbert as composer with Henry Blossom as librettist, whom it will be recalled have collaborated with most gracious results on previous occasions.

During its long season in New York "The Only Girl" was voted a great success there, and received much praise, due to the fact that both author and composer had evidenced great dexterity in moulding their material with such deftness of touch and sentiment, into a symmetrical whole too seldom found in many later day musical comedies.

The excellent original company provided by Joe Weber reveals the names of many well known players in Laura Arnold, Olga Rolier, Adele Hassan, Marion Stregaves, Nettie Velle, Ernest Torrence, Alfred Fisher, Emanuel A. Turner, Richard Bartlett, Frank Combs and others. Seats ready Monday morning.

"The Melting of Molly."

Clever, dainty, vivacious Irene Franklin, is coming to town at the head of her own organization, and with a company of comedians in a new comedy, with songs, if you please, and the coming of Miss Franklin will prove a source of delight to an army of admirers, while her work will be carefully and critically observed. Miss Franklin's new vehicle is from the pen of Maria Thompson Daviess, and is named "The Melting of Molly." From information received in advance of Miss Franklin's appearance in Newark it is inferred that the character of "Molly Carter," is fitted for the exposition and gradation of Miss Franklin's art of expressing emotions truly: with due repression and with due expansion, as either is required by the posture of events, and the various scenes of the comedy.

Also, in her usual fascinating style, absolutely Franklin esque, the popular star will sing "Grandma Dear Grandma, Come Home With Me Now," "Broad and Jam," "Eat and the World Eats With You," and "Oh Doctor." Miss Franklin has written the lyric and Mr. Burton Green, the melodies of these new songs. "The Melting of Molly," and Miss Franklin and her comedy purveyors will attract the local multitude to the Auditorium next Saturday, November 4. Two performances, with a matinee in the afternoon.

"Fair and Warner."

Selwyn & Company will present their enormously successful farce hit of last season "Fair and Warner," by Avery Hopwood, for a limited engagement here this season. "Fair and Warner," during the year of its run at the Eltinge Theatre, won considerable fame by making more money there than "Within the Law" had done, though the Venetian melodrama had, up till then, held the New York record for a money-maker. The seals for "Fair and Warner" were often on sale ten and twelve weeks in advance, and the crowds who saw it were so vocal in their praise of it that it was never necessary, during the New York run of the piece, to do any advertising. The priceless "word-of-mouth" advertising carried

HELEN HOLMES' NEW CHAPTER-PLAY

In response to more than 6,000 requests from exhibitors for another Helen Holmes serial, the Signal Film Corporation has made a new chapter-play starting this popular favorite. The new picture is undoubtedly the greatest production in which Miss Holmes has ever appeared. She easily outdoes all the daring deeds she has previously performed and yet the story is entirely logical. The new picture is entitled, "A Lass of the Lumberlands." As one can gather from its title, it is a story of the great lumbering regions in the far North. Helen appears as a daughter of a great lumbering baron who controls vast tracts of standing timber. Ere the first chapter ends Helen, as a baby, is borne across a lumber-jam just as the huge mass of lumber is torn apart by a dynamite explosion. This is but

the first of the thrills which are to come. Years later, Helen, now a young woman, becomes an operator on the railroad running into the big timber country. Railroadroving, lumbering and all the hazards and perils that are involved in such tremendous undertakings in a wild, lawless country, form the background of the story. Thrills come thick and fast. The great lumber trust engages in a fight with the independent owners of timber. Helen's father heads the forces of the gigantic corporation. Helen leads the smaller owners in their fight to live. On the swirling rivers, over the tracks of the lumber company, in the forest, the fight goes on. The tale grows more thrilling with each succeeding chapter. See the first chapter at the Grand next Sunday and hear the four piece orchestra.

LATEST PRAISE OF NERV-WORTH MOST STRIKING

Mrs. E. P. Swigart Finds Better Health in Less Than One Bottle of the Tonic.

The trade in Nerv-Worth continues to spread into the surrounding country as well as to cut a strong figure in Newark itself, and with this comes new and most convincing signed statements from happy out-of-town users. The following statement is the very latest:

"I want to offer my testimonial and endorsement of Nerv-Worth. I have suffered for two years with nervous troubles. Taken lots of medicine and doctored considerably. Was short of breath. Fluttering heart. Terrible nervous headaches, usually on the top of my head. Could not sleep at all. Poor circulation. I was always as cold as death. My feet and hands were like ice. No appetite.

"I have taken about two-thirds of a bottle of Nerv-Worth. I feel better than I have since I have been sick. Sleep is good. Refreshed in the morning. Appetite good. No heart trouble. No headache—all gone. Circulation better. No trouble about cold feet and hands are improving. I recommend Nerv-Worth to my friends and neighbors.

Tired, Nervous, Run-Down?

Tollo Water Is Better Than All the Drugs—A Wineglassful Will Make You Feel Fine in 30 Minutes

Too much rich food clogs the liver. The drains become choked and cannot discharge the bile, but force it back into the system, making your skin yellow and your tongue coated; your stomach gets upset; you become constipated, have headaches and feel tired, nervous and run-down.

The surest and quickest relief is TOLLO WATER from Dawson Springs, the Kentucky health resort. Get a 15-cent bottle from any drug store and take a third of a tumblerful in a glass of plain water before breakfast. In half an hour it will dissolve and flush out all the bile that is clogging the liver, leaving every tiny tube clean and fresh. It flushes and bathes the liver without irritation and keeps the bowels regular as a clock.—Advertisement.

It's one thing to call a man down, but quite another matter to keep him there.

HAPPINESS IS HER GOAL

And she seeks it by plotting revenge on the man whose injustice has caused her suffering. Only when she gains her end does she realize the futility of her efforts.

CREW SPENDS FOUR DAYS IN OPEN BOAT.

San Juan, Porto Rico, Oct. 21.—A story of hardship and danger was told by the eleven members of the crew of the four masted schooner George Grant, bound from Baltimore, who were rescued at sea after spending four days in an open boat, by the steamer Seward, which arrived here this week. They were picked up off the Bahamas almost completely exhausted after their long period of exposure, one of the sailors not having recovered upon arrival here, several days later. Among those rescued was a woman, the wife of the cook, who was the stewardess. They are now on the way to New York.

Captain Norberg, of the George Grant, said he put out from Baltimore Sept. 30, bound for Spain with a cargo of coal. When a few days out they met exceedingly heavy weather and sprang a leak. For a day all hands worked at the pumps, but realized that the vessel could not be saved.

NEW COMMISSION FOR BASEBALL MEN TO BE DISCUSSED.

(Associated Press Telegram) Chicago, Oct. 27.—August Herrmann of Cincinnati, chairman of the national commission is in Chicago today for the purpose of holding a conference with B. B. Johnson, president of the American league and member of the national commission and other baseball men. Mr. Herrmann would not say what brought him to Chicago at this time but it was understood that the proposal of Barney Dreyfuss of the Pittsburgh Nationals for a new national commission would be one of the subjects taken up at the conference.

"AIRPLANE" IS NEW OFFICIAL NAME FOR WING CRAFT.

(Associated Press Telegram) Washington, Oct. 27.—The name aeroplane to designate heavier-than-air craft has been discarded officially by the national advisory committee for aeronautics. In a report issued today on "nomenclature for aeronautics" the name airplane is substituted for any "form of aircraft heavier-than-air which has wing surface for sustentation, with steering surfaces, rudders for steering and power plant for propulsion through the air" the landing gear may be suited for either land or water use.

SOLD LOTTERY TICKETS; SENTENCE COMMUTED.

San Juan, Porto Rico, Oct. 21.—Manuel Cerecedo, the first man ever convicted by a jury in the Porto Rican courts for importing and selling lottery tickets in the island, has been released from jail, his sentence and fine having been commuted by President Wilson on recommendation of the department of justice. A petition for pardon was refused. Cerecedo, who is one of the best known Spanish merchants in San Juan and who is reputed to be wealthy, was sentenced to two years imprisonment and fined \$10,000. Both the sentence and the fine were the maximum under the law.

Cerecedo was released after serving ten months in jail and paying a fine of \$5,000.

COST OF FOOD UP 20 PER CENT IN TWO YEARS.

New York, Oct. 27.—Only 6,014 families applied for relief to the United States Hebrew Charities here last year, as compared with 9,294 in the previous year. The report of the organization published today shows, however, that those who needed relief suffered greater distress than usual on account of the increase in the cost of living. The report says that the cost of food alone for the average family has risen twenty per cent. in the last two years.

REASONS GIVEN BY MANUFACTURER

New York, Oct. 27.—Thad. B. Preston, head of the Sorosis Garment Company of Ionia, Mich., one of the leading business men of that state, is supporting President Wilson for several practical reasons.

"If I had a manager," he says, "who had faced the problems of my business and handled my affairs with the same skill Mr. Wilson has shown in the problems and affairs of the nation, I would not think of letting him go. I certainly would not trade him for a new manager—and nobody could get him away from me."

Mr. Preston commends virtually all the legislation of the Wilson administration bearing upon the business interests of the country.

WILL SUPPORT WILSON.
St. Louis, October 27.—Jackson Johnson, chairman of the board of directors of the International Shoe Co., one of the biggest manufacturers in the world, announces that he intends to vote for President Wilson.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. WM. GREEN, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Good Health!

Perfect health demands vigorous, rich, red blood—a keen appetite and a faultless digestion. In its possession there's all the difference between the full joy of living and mere existence—even between supreme success and dismal failure! If you're "all in" at the end of the day—or even before the day begins—you need

Nux-phospho

The Anti-Fatigue Tonic

This wonderful restorative builds new tissue and new blood. It helps nature to eliminate waste and brings back the appetite, the digestion, and the sound, dreamless sleep of youth. If you lack vim and ambition you owe it to yourself to give Nux-phospho a thirty-day fair trial. Take it according to directions and watch the daily improvement. Go to your druggist today and get a bottle of Nux-phospho. If the response is not immediate, let us know, and we'll see that you are supplied.
